ADAPTIVE OUTDOOR EDUCATION CENTER

UPCOMING EVENTS AT OUR BRUNSWICK LOCATION

January 21st

Chewonki - Owls of Maine Program

\$5

10:00 AM - 11:00 AM

Beginning with slides and sounds, participants will learn the identifying characteristics and calls of each owl. Then, using talons, wings, and skulls, we explore the adaptations of these silent nocturnal hunters. This program ends with an intimate and detailed look at an owl, bringing these creatures of the night into the light!

January 29th

Maine Audubon

FREE

10:00 AM - 11:00 AM

Bringing Nature Home is about restoring and rebuilding Maine's natural biodiversity by planting the native wildflowers, shrubs, and trees that support the widest array of wildlife. In this presentation, Andrew Tufts, Program Manager at Maine Audubon, will discuss the critical value of wildlife-friendly plants to our state, and how we can grow them in our own backyards.

February 17th

Michael & His Llamas

FREE

10:30 AM - 12:15 PM

Have you ever wanted to lead a llama through an Enchanted Forest? Now is your chance! Michael will be bringing his llama's Nikki and Kate to AOEC Brunswick for a meet and greet and trail walk. Each participant will get to have one on one time with a llama.

February 19th

Fiona and The Bees

FREE

10:00 AM - 11:30 AM

Come join bee enthusiast, Fiona, for a hands on program focused on learning all about bees! With the use of fun activities, Fiona will tell us all about bees and why they are so important, especially here in Maine!

March 26th

Sparks' Ark

\$5

10:00 AM - 11:00 AM

Come learn about wildlife with Josh, a licensed animal damage control agent. Animals of all types will visit AOEC Brunswick for this educational program where we will learn about care and other animal encounter stories! This session is open to all ages and abilities.

April 19th

Chewonki - Biomimicry

\$5

10:00 AM - 11:00 AM

Join us as we explore the ways engineers have taken advantage of nature's bright ideas through biomimicry. And meet some live animals that help us draw comparisons between human-made products and animal adaptations. As we look for creative solutions to future problems, perhaps we can find inspiration by observing nature in our own backyard!

May 6th

Michael & His Llamas

FREE

10:30 AM - 12:15 PM

Have you ever wanted to lead a llama through an Enchanted Forest? Now is your chance! Michael will be bringing his llama's Nikki and Kate to AOEC Brunswick for a meet and greet and trail walk. Each participant will get to have one on one time with a llama.

August 27th

Chewonki - Skeletons

\$5

10:00 AM - 11:00 AM

Participants will gain a better understanding of the skeletal system by looking closely at the bones of many different vertebrates while comparing them to their own skeletons. The assembly of our 16-foot Pilot Whale skeleton will give participants the opportunity to investigate the physiological adaptations these animals require to survive in the depths of the ocean.
